

HJ Landscaping - Website Setup Guide

1. Extract the ZIP file contents.
2. Upload all files to your GitHub repository ([hjlandscaping.github.io](https://github.com/hjlandscaping)).
3. Replace any old files.
4. Visit your website to test:
 - Home: `index.html`
 - Quote: `quote.html`
 - Maintenance: `maintenance.html`
 - Design: `design.html`
 - Contact: `contact.html`

Your new premium website is now live.
